OTHER FEATURES, COMMON TERMS, CONDITIONS AND OTHER IMPORTANT DETAILS:

1. If anyone is providing money back guarantee plan then they will not give you more than 2-3 times guarantee, while we give more than 3 times profits on fees. (You will not find any firm giving you moneyback scheme. If you find then tell us! And if anyone is giving then they will not do written contract. And if they will do written contract then they write such a contract which will be in their favor and not yours. Talk with us to find out details of how.)
2. All the moneyback guarantee condition schemes/options are customizable according to the requirement of the customer in terms of tenure, return and capital/margin/exposure requirements.
3. Trading calls will be given from any segment weather cash, futures or options and weather intraday or overnight. However the trading calls will be given as per the exposure and suitability of the customer and as per the customization of the scheme.
4. There will be no customization for the trading system and conditions for nifty future money back guarantee condition scheme.
5. Trading and investing in market is always risky and subject to market conditions. We do not guarantee or take responsibility of your loss. We only give guarantee to return your fee paid to us as charge on non-fulfillment of the said commitment as chosen by you in the options.
6. The trading calls will be given with regular frequency as per discretion of our analyst team and market condition.
7. All the trading calls will be given via sms only. Phone and email and other type of communication support will be additionally provided. The customer is requested to take action as per our message. The trading call will be calculated in the profit and loss calculation for the customer's account irrespective of the fact that the customer has done transaction or not. The customer should not call to confirm the message. However the customer can call at any time for help and assistance. But as the customer will be trained and explained how to trade and manage, the customer will not need to call us every now and then, once he has become conversant of our trading advisory system.
8. The proof of sending messages will be final as a proof that we have sent message to us. We use enterprise.msgupshup.com service for sending messages to customer. The messages are usually

delivered to customer's cell in time after we shoot them. However late and non-delivered sms will not be counted in customer's total profit and loss calculations. We keep all record of all the sms sent along with the time of sending sms, delivery made or not as well as the detail whether the number is in DND list or not and so on.

9. As per new TRAI rules, we do not have any sms Mask ID, we will tell the customer at time to time how to identify our messages. We will have a mask ID in near future and it will be conveyed to all.
10. If the customer wants to change his mobile number for any reasons to any other mobile number from the one that is given in this contract then the customer has to give us email from his registered email id mentioned in this contract or give us phone call which will be recorded for proof purpose that the customer changed his mobile number.
11. If in case the customer wants to stop trading because he is going out of country or for any other reasons he wants to take a break, then he has to follow the same procedure as mentioned in above paragraph of change in mobile number.
12. This contract can be modified or changed or terminated at any time in case both the parties i.e. the customer and the firm.
13. Trading sessions or Tenure of commitment completion time will be variable and adjustable/customizable/matched with the available capital, to trade with the customer.
