WHY CHOOSE SPECIAL RELIANCE+TATA GROUP CALLS ?

- Market Drivers:

Most of you have observed that Reliance Industries and Reliance Group as a whole drives the market more than sometimes. This happens in intraday, short-term, mid-term and even long term. And this has been a true fact. While the TATA group also commands a huge share of total Market Capitalization of Indian stock markets.

- High interpretability:

Another point is minimal amount of possible probable manipulative activity due to high liquidity and degree of accurate interpretation of intraday and EOD charts prove to be a plus point for technical analysts to forecast prices. Moreover the information flow and daily news analysis is also made easy due to wide and extensive media coverage and circulation.

- Another reason to join our exclusive Reliance Group Calls service is our past track record and precision in forecasting Reliance Group stock's midterm and long term trend.
