A Legacy of Market Expertise

Family Market Legacy

With roots dating back to 1978, Nishesh proudly carries forward his family's third-generation commitment to the Indian stock markets. Growing up surrounded by annual reports and balance sheets, what began as childhood fascination evolved into a lifelong passion and professional career.

Since becoming a full-time trader and investor in 2005, Nishesh has navigated critical market events including the 2008 Subprime Crisis and the 2020 COVID-19 crash, building a comprehensive understanding of market dynamics across various economic cycles.

Professional Journey

- Full-time trader and investor since 2005
- 19+ years of hands-on market experience
- Expertise in equity, derivatives, and multi-asset research

Credentials and Investment Approach

Professional Qualifications

- Certified Financial Technician (CFTe) from International Federation of Technical Analysts
- Chartered Market Technician (CMT) – Level 2 completed, currently preparing for Level 3
- Specialized training in equity, derivatives, and multi-asset research methodologies

Investment Philosophy

Nishesh believes alpha generation is a blend of art and science, combining rigorous analysis with strategic timing. His comprehensive approach integrates:

- Fundamental analysis to identify underlying value
- Technical analysis for precise entry and exit timing
- Quantitative and behavioral frameworks to validate strategies

Core Principles

Throughout market cycles, Nishesh maintains unwavering commitment to:

- Delivering risk-adjusted returns rather than chasing unsustainable gains
- Thinking beyond consensus to identify overlooked opportunities
- Continuous learning and adaptation to evolving market conditions
- Disciplined execution of proven strategies
