

Smooth Structural Strength Score (Weekly)

SUBSCRIPTION TERMS & CONDITIONS

Effective Date: 18 June 2026 — These Terms & Conditions govern access to the Smooth Structural Strength Score (Weekly) Indicator ("Indicator") developed by **Nishesh Jani, CFTe** and distributed through the TradingView platform. By purchasing, subscribing to, or using this Indicator, you acknowledge and agree to the following terms.

1. Educational & Informational Purpose Only

The Indicator is provided solely for educational and research purposes. All investment and trading decisions remain the sole responsibility of the subscriber.

The Indicator IS Provided For

- Market research
- Educational purposes
- Technical analysis assistance
- Investment decision support

The Indicator Does NOT Constitute

- Investment advice
- Financial planning advice
- Portfolio management services
- Buy, sell, or hold recommendations
- Guaranteed trading signals

All investment and trading decisions remain the sole responsibility of the subscriber.

2. No Guarantee of Performance

Past performance, backtested results, historical observations, rankings, scores, or market behavior do not guarantee future results.

Future Profitability

No representation is made regarding future profitability or market outperformance of any kind.

Capital Preservation

The developer makes no guarantee of capital preservation or protection against losses.

Signal Accuracy

Accuracy of signals and achievement of any specific return objectives cannot be guaranteed.

- ⊗ Financial markets involve substantial risk, including the possibility of **complete loss of capital**.

3. Understanding of Indicator Methodology

Subscribers acknowledge the following about the Indicator's design and intended use:

1 Structural Market Strength

The Indicator measures structural market strength using proprietary calculations developed by Nishesh Jani, CFTe.

2 Leadership & Trend Persistence

The methodology is designed to identify leadership, trend persistence, and structural efficiency characteristics.

3 Broader Analytical Framework

The Indicator should be used as one component of a broader analytical framework. No indicator should be relied upon in isolation.

4. Subscriber Responsibility

Subscribers are **solely responsible** for all aspects of their trading and investment activities. This includes but is not limited to:

Due Diligence

Conducting thorough independent research and verifying all trading and investment decisions before acting.

Legal Compliance

Ensuring compliance with all applicable local laws, regulations, and financial rules in your jurisdiction.

Risk Management

Determining appropriate position sizing and implementing sound risk management strategies at all times.

Professional Consultation

Consulting licensed financial professionals where appropriate before making significant investment decisions.

5. Intellectual Property Protection

The Smooth Structural Strength Score (Weekly) Indicator — including its source code, logic, methodology, calculations, scoring framework, and visual presentation — is the **exclusive intellectual property of Nishesh Jani, CFTe**.

Protected Elements

- Source code & logic
- Methodology & calculations
- Scoring framework
- Visual presentation

Subscribers May NOT

- Copy or reverse engineer the indicator
- Recreate or redistribute the methodology
- Share screenshots revealing proprietary settings
- Publish derived versions
- Resell or sublicense access

⊗ Any unauthorized use may result in **immediate termination of access without refund**.

6. TradingView Access Policy

Access is granted **exclusively through TradingView's invite-only script mechanism**. The developer reserves full discretion over access management.

Grant Access

Developer may approve new subscribers at any time.

Deny Access

Developer may decline access requests without explanation.

Revoke Access

Access may be revoked for violations of these terms.

Suspend Access

Temporary suspension may occur pending review.

i TradingView subscription fees, platform availability, and technical issues remain the responsibility of TradingView and the subscriber.

7. Subscription Fees & Refund Policy

Unless otherwise stated, the following refund policy applies to all subscriptions:

Non-Refundable Payments

All subscription payments are non-refundable once processed, regardless of circumstances.

Partial Usage

Partial usage of the subscription period does not qualify for a refund under any standard conditions.

Non-Use After Purchase

Failure to use the Indicator after purchase does not qualify for a refund.

Terms Violations

Access revoked due to terms violations will not be eligible for any refund.

8. Technical Availability

While reasonable efforts are made to maintain access and service quality, the developer does not guarantee uninterrupted or error-free operation of the Indicator.

→ Continuous Availability

Service uptime is not guaranteed and may be subject to interruptions.

→ Error-Free Operation

The Indicator may contain bugs or behave unexpectedly under certain market conditions.

→ Platform Compatibility

Compatibility with future TradingView updates cannot be guaranteed.

⚠ Updates, modifications, improvements, or discontinuation may occur **without prior notice**.

9. Limitation of Liability

Nishesh Jani, CFTe and Team shall not be liable for any damages or losses arising from the use or inability to use the Indicator.

Trading & Investment Losses

Direct trading losses, investment losses, and opportunity costs are excluded from liability.

Direct & Indirect Damages

Neither direct, indirect, nor consequential damages are covered under any circumstances.

Technical Interruptions

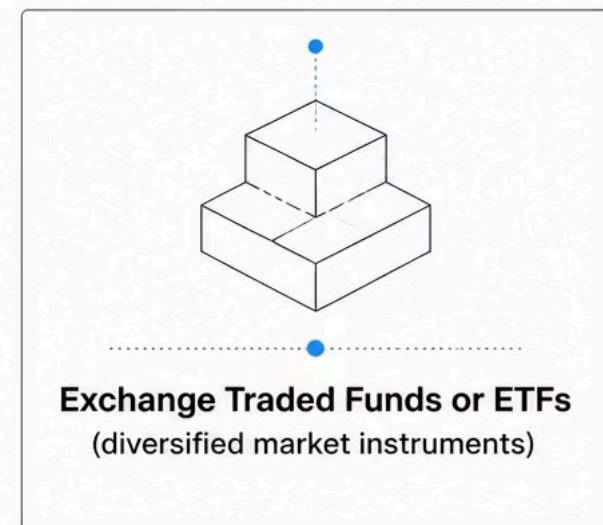

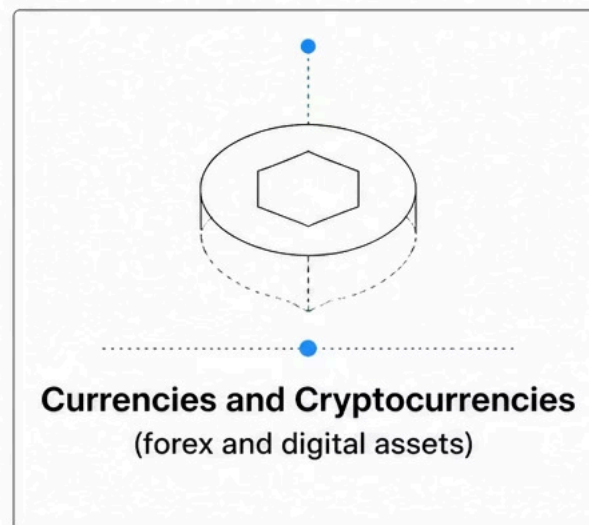

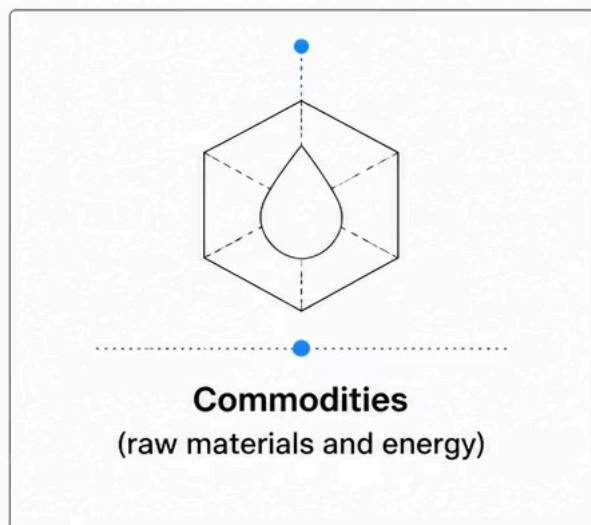

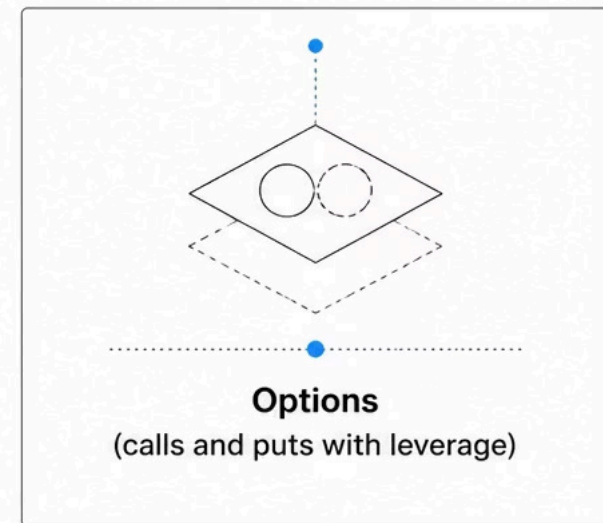

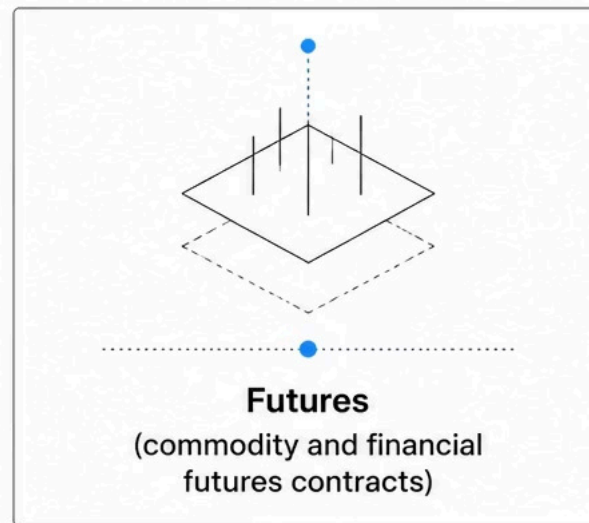

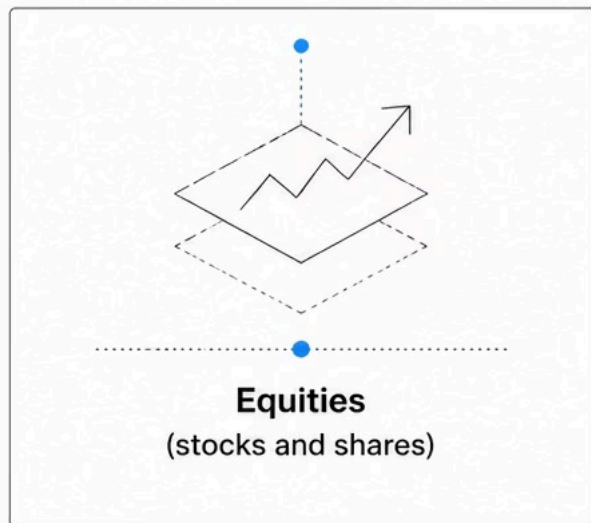

Data loss and technical interruptions arising from platform or service issues are not the developer's liability.

- ⊗ Subscribers assume **all risks** associated with market participation.

10. Risk Disclosure

Trading and investing across all asset classes involves **substantial risk**. You may lose part or all of your invested capital. Only risk capital that you can afford to lose.

⊗ **Only risk capital that you can afford to lose.** Financial markets can move against your position rapidly and without warning.

11. No Fiduciary Relationship

Subscription to this Indicator does **not** create any form of professional advisory or fiduciary relationship between the subscriber and the developer.

No Advisor-Client Relationship

The developer does not act as a financial advisor or investment consultant to any subscriber.

No Fiduciary Duty

No fiduciary obligation exists between the developer and the subscriber under any circumstances.

No Portfolio Management

The developer does not manage, oversee, or advise on any subscriber's portfolio or positions.

No Research Analyst Role

The Indicator does not constitute formal research analysis or a research analyst relationship.

i The subscriber remains **solely responsible** for all investment decisions at all times.

12. Modifications to Terms

Amendment Rights

These Terms & Conditions may be amended from time to time at the sole discretion of the developer.

Changes may include updates to:

- Access policies
- Refund conditions
- Liability limitations
- Usage restrictions

Acceptance of Changes

Continued use of the Indicator after modifications have been made constitutes your acceptance of the updated terms.

It is the subscriber's responsibility to review these Terms & Conditions periodically to stay informed of any updates.
